X-RAY, HOLTER AND SPAY/NEUTER AGREEMENT

This document will serve as a legal and binding contract between _____, in whose possession _____ will reside, and Vanessa Dutton, the original owner.

Both parties understand and agree to adhere to the following terms:

The above named dog will have a holter test completed between 5 and 8 months. Hip and Elbow x-rayed will be completed on ALL puppies (regardless if they are breed or pet quality) at 24-26 months (submitted to OFA or PennHip for grading) and pet quality puppies will not be neutered or spayed until 24 months unless special permission is granted by the breeder. Neutering prior to this time frame without special permission will nullify the guarantee on the pup.

The new owner(s) agree to abide by the ISSA rules, and not to breed the above dog, nor register him/her with any other organization for any reason whatsoever. In the event that the above named new owners fail to up hold this agreement, a set price of \$5,000.00 to be paid by the new owners for damages, along with any/all legal fees incurred, by the seller. Furthermore any litigation will be held in Brooks, AB. it being the origination of this transaction. The owner will send a copy of the x-ray results as well as the neuter/spay certificate (if applicable) to Guardian Kennels for their records.
